Description

Test Title:

Operation Module - Agent Dashboard top metrics testing.

User Story:

As a manager, I want to view real-time dashboard metrics so that I can monitor agent performance and order pipeline efficiently.

Acceptance Criteria:

Live Queue Overview Metrics:

- 1. Pending Orders
- 2. Scheduled Orders
- 3. Advance Payment
- 4. Not Started

Acceptance Criteria for for each metric:

- Count is correct.
- Amount is correct.
- Percentage is calculated correctly.
- Values matches the database/API response.
- Percentage should always be between 0% and 100%.
- No negative values.
- Dashboard data is retrieved successfully from the backend.
- All metric cards are visible after page load.

Today's Performance Metrics:

- 1. Working Orders
- 2. Confirmed Orders
- 3. Extra Bucket
- 4. Scheduled Orders
- 5. Cancelled Orders

Acceptance Criteria for for each metric:

- Every value changes based on selected filters.
- Showing correct calculations based on selected filters.
- Count is correct.
- Amount is correct.
- Percentage is calculated correctly.

- Formulas are accurate for metrics that required calculations.
- Values matches the database/API response.
- Percentage should always be between 0% and 100%.
- No negative values.
- Dashboard data is retrieved successfully from the backend.
- All metric cards are visible after page load.
- Revenue showing correctly.

Testing Checklist:

Pending Orders

- ~~Shows correct count.~~
- ~~New order increases count.~~
- ~~Confirmed order decreases count.~~
- ~~Cancelled order removed.~~

Scheduled Orders

- ~~Count matches scheduled orders.~~
- ~~Past scheduled orders disappear.~~
- ~~Future scheduled orders appear.~~
- ~~Edited schedule updates dashboard.~~

Advance Payment

- ~~Count is correct.~~
- ~~Total amount updating.~~

Not Started

- ~~Count is correct.~~
- **Percentage calculation correct.**
- ~~Updates after the agent starts working.~~

Working Order

- ~~Count is correct.~~
- ~~Revenue updating.~~
- ~~Updates immediately after work begins.~~

Confirmed Order

- ~~Count is correct.~~
- ~~Revenue updating.~~
- ~~Percentage badge updating.~~
- ~~Formula working~~
- ~~Total confirmed Orders~~

Extra Bucket

- ~~Count is correct.~~
- ~~Revenue updating.~~
- ~~Formula working~~
- ~~Orders move here correctly.~~

Scheduled Orders

- **Count is correct.**
- **Revenue correct.**

Cancelled Orders

- Count is correct.
- Revenue updating.
- Formula working
- Percentage updating.
- Order cancellation instantly updates metric.

After Test

- Prepare a doc with metric definitions.
- All metrics are showing accurate values.

Comment by Akib Rahman [ 26/Jul/26 ]

Bug 01: [Operation Module] Percentage is not changing in the 'Not Started' metric.

Reproducing Steps:

- Assign an order to an agent or release an order from agent side.

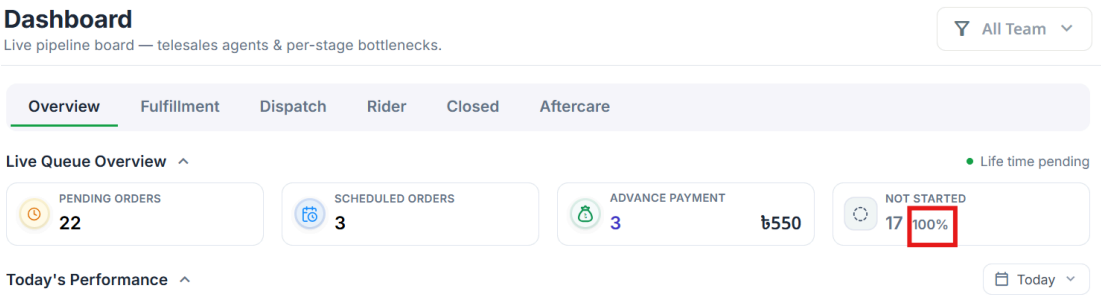

Expected Result:

Count and percentage changes accordingly in the metric.

Actual Result:

Percentage not changing and always showing 100%.

Screenshots:

Comment by Akib Rahman [ 26/Jul/26 ]

Bug 02: [Operation Module] No value changes in the second 'Scheduled Order'.

Reproducing Steps:

- Create a scheduled order or delete a scheduled order from admin or agent side.

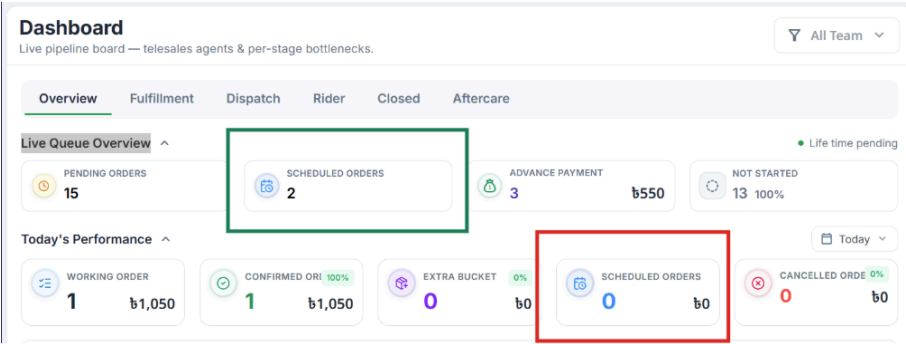

Expected Result:

Count and amount changes accordingly in the metric.

Actual Result:

Nothing changes at all.

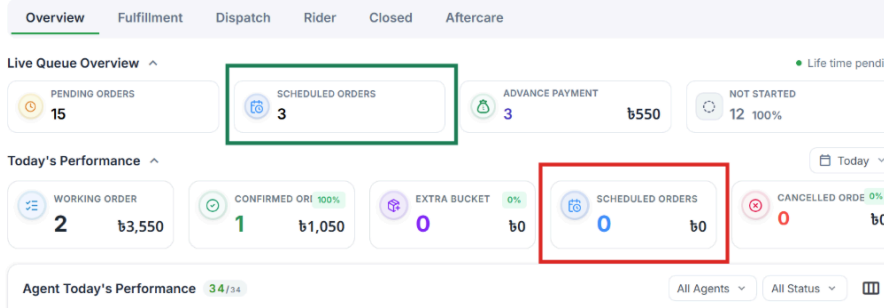

Screenshots:

Dashboard

Live pipeline board — telesales agents & per-stage bottlenecks.

All Team

Screenshots 1 & 2 shows Scheduled Orders changing in first metric but not in second metric.

Comment by Akib Rahman [ 27/Jul/26 ]

Bug 03: [Operation Module] Confirmed Order and Extra Bucket values changing when orders are moved to Fulfillment.

Reproducing Steps:

- Go to telesales queue from admin side.
- Send the last confirmed order (with extra bucket) to Fulfillment.

Expected Result:

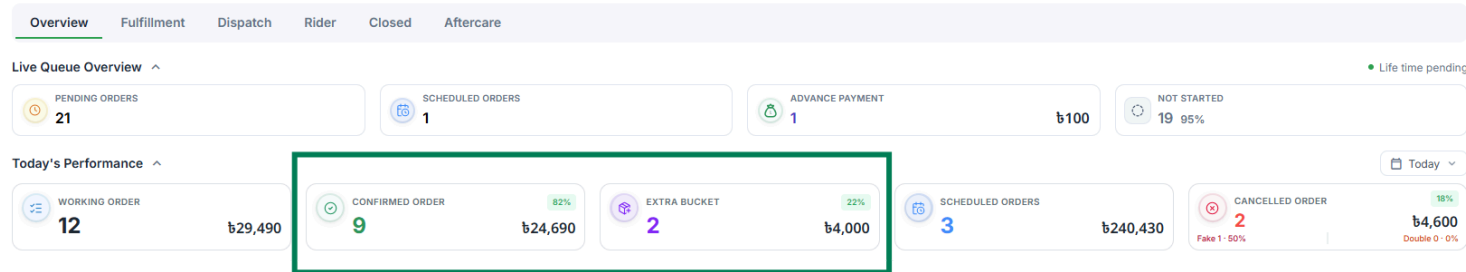

Confirmed and Extra Bucket metrics values should be unchanged.

Actual Result:

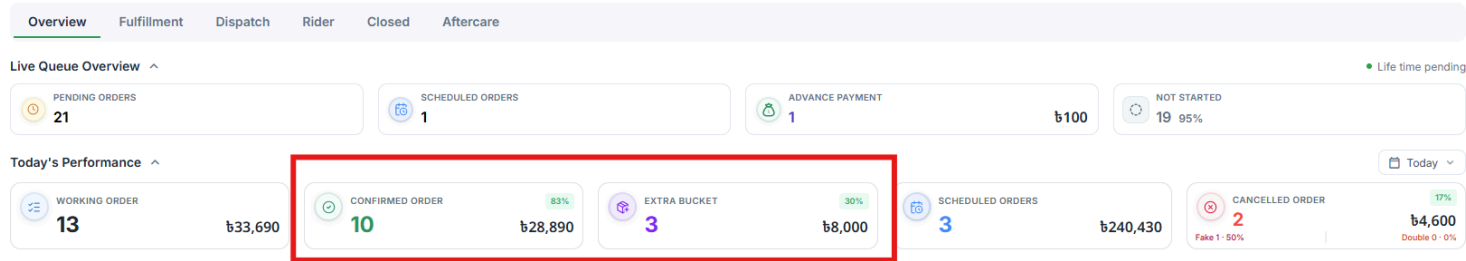

Both metrics values are increasing.

Screenshots:

1. Before sending a confirmed order to Fulfillment.

1. After sending the last confirmed order (with extra bucket) to Fulfillment.

Comment by Akib Rahman [ 28/Jul/26 ]

All bugs have been logged.
