Description

Test Title:

Operation Module - My assigned Dashboard top functionalities testing.

User Story:

As an agent, I want to view real-time dashboard metrics and data so that I can monitor my performance and order pipeline efficiently.

Acceptance Criteria:

Top Metrics:

- 1. Pending
- 2. Confirmed
- 3. Cancelled
- 4. Total
- 5. Extra Bucket

Acceptance Criteria for for each metric:

- Count is correct.
- Amount is correct.
- Percentage is calculated correctly.
- Values matches the database/API response.
- Percentage should always be between 0% and 100%.
- No negative values.
- Dashboard data is retrieved successfully from the backend.
- All metric cards are visible after page load.

Orders Record:

- 1. Currently Pending
- 2. Claimable Pool
- 3. Confirmed Today
- 4. Cancelled Today
- 5. All Orders Today

Acceptance Criteria for for each metric:

- Count is correct.
- Displays all records.
- Display correct record based on filters.
- Count increases and decreases correctly.
- All details are correct.

Search and Filter:

1. Disposition
2. Search

Acceptance Criteria for for each metric:

- Shows data accurately.
- Do not show data beyond selection.

Order Record:**Currently Pending**

- ~~Shows correct count.~~
- ~~Display all pending orders.~~
- ~~New pending order increases count.~~
- ~~Confirmed order decreases count.~~
- ~~Cancelled order decreases count.~~

Claimable Pool

- ~~Count matches total unassigned pending orders.~~
- ~~Display all claimable order.~~
- ~~Claim button working fine.~~

Confirmed Today

- ~~Count matches total confirmed orders today.~~
- -Display all confirmed orders today. -

Cancelled Today

- ~~Count matches total cancelled orders today.~~
- Display all cancelled orders today.

All Orders Today

- ~~Count matches total orders worked on today.~~
- -Display all orders worked on today. -

Filters and Search:**Disposition**

- ~~Shows all results based on selection.~~
- ~~Do not display orders not under selection.~~

Search

- ~~Shows result based on search.~~
- ~~Do not show anything for wrong search.~~

Filters and Search:

Disposition

- ~~Shows all results based on selection.~~
- ~~Do not display orders not under selection.~~

Search

- ~~Shows result based on search.~~
- ~~Do not show anything for wrong search.~~

Comment by Akib Rahman [27/Jul/26]

Bug 01: [Operation Module] 'My Avg First Response' metric is not working.

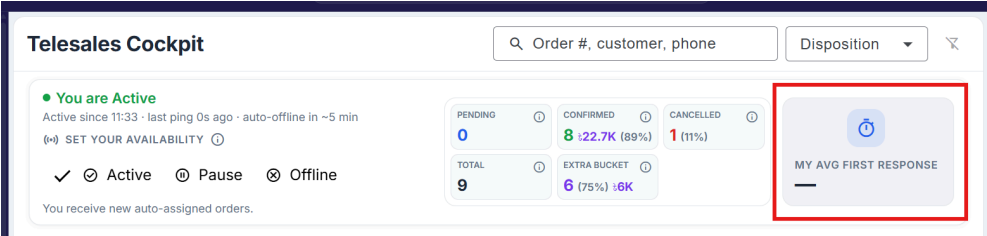

Reproducing Steps:

- Login as any telesales agent.
- Work on any assigned order.
- Check the My Avg First Response metric.

Expected Result: Accurate response value should be updated.

Actual Result: Metric not updating at all.

Screenshots:

Comment by Akib Rahman [27/Jul/26]

Bug02: [Order Record] Confirmed Today tab is not showing all results.

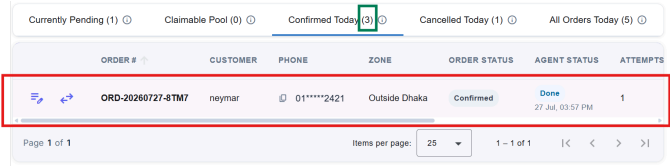

Reproducing Steps:

- Login as any telesales agent.
- Confirm more than two assigned orders today.
- Click the Confirmed Today tab from the order timeline tab..

Expected Result: All the confirmed orders today should be visible.

Actual Result: Only one order is showing.
